Passenger Experience Conference

Anaïs Marzo, Head of Aircraft Interiors Marketing, Airbus
05/06/2023

AIRBUS

Our purpose

we pioneer **sustainable aerospace** for a safe and united world

Respecting the planet - Leading sustainable aviation

2030

- **63%**
Scope 1 & 2
industrial emissions

100%
SAF Capability

2035

- **46%**
Scope 3 commercial
aircraft emissions

1st
Hydrogen
powered aircraft

2050

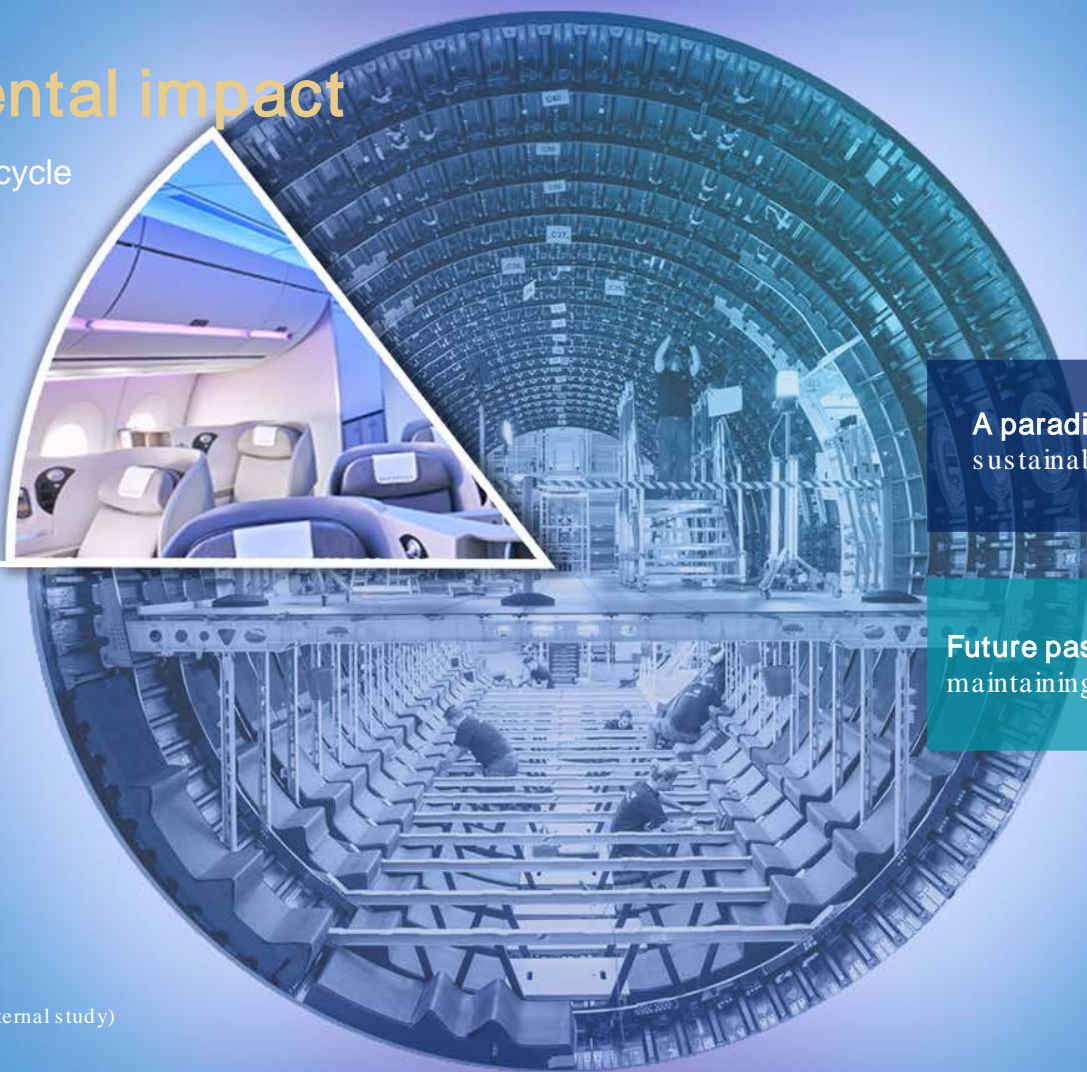

net zero emissions
*IATA, ATAG, ICAO

Environmental impact

% overall aircraft lifecycle

Cabin

10-20% *

A paradigm shift towards sustainable cabin design

2035+

Future passenger experience maintaining superior comfort

Today passenger research shows ...

80%

Of companies incorporate sustainability travel policies*

40%

Of travelers are willing to pay for CO2 Neutral tickets**

AIRBUS

In reality **passengers** have concerns ...

1%

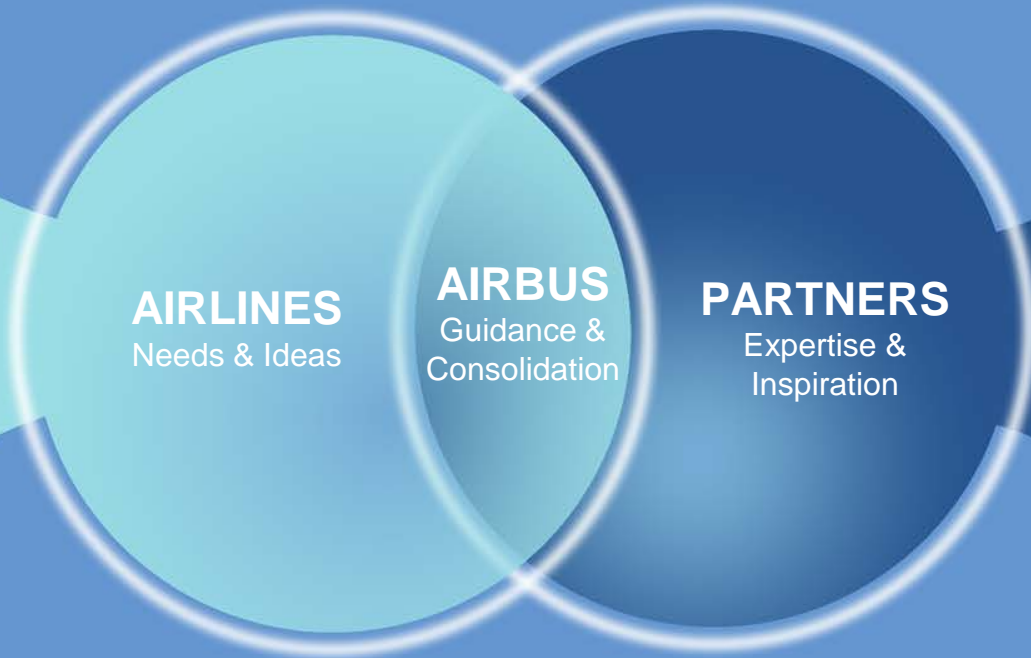

Actual CO2 ticket offset
